PACKING GUIDELINES FOR CAMP

These are important guidelines for packing for Camp, please read and understand these guidelines. **We recommend two bags only. A suitcase for clothing and a large duffle bag for your camper's sleeping bag and pillow. No loose items please.**

- When getting bedding and sleeping bags out of storage, it is a good idea to put them in a clothes dryer on high heat for 30 min, or vacuum, or clean with soap and water or alcohol based cleaning product. This will kill any bugs or eggs that may have made a home there over the winter months.
- A "stuff" bag or duffle bag for your camper's sleeping bag and pillow is a must. A rolled sleeping bag always comes unraveled when walking through camp. Your camper's pillow also needs to be stored in the duffle bag.
- Place toiletries in a type of plastic bag or kit that makes it easy to travel to the showers. This also reduces the chance of spilling.
- Make sure your camper's name is on all items.
- Pack together with your camper. This allows them to know where everything is & to develop a sense of responsibility.
- We recommend packing all clothes in a heavy gauge garbage bag, squeezing air out, twisting shut, and then placing bag into luggage. In a separate bag, pack bedding the same way. Include some extra bags for dirty laundry.
- Remember that you will need to bring any **medications** in their ORIGINAL PACKAGING with you to registration and check them in with a health officer on opening day. **PLEASE DO NOT PACK MEDICATIONS IN YOUR CAMPER'S LUGGAGE!**
